MALDAH, •

The 30th December 1881.

R. PORCH,

Chairman.

*Abstract of a report by the Deputy Commissioner of the Sonthal Pergunnahs on the operations for the cess year 1880-81.*

THE Road Cess Act is not in force in this district, and there is no Committee. The Deputy Commissioner exercises the powers of Committee, Chairman, and Vice-Chairman.

The roads in the district have been repaired, and are in proper condition.

There are only six miles of village roads, all of which are in good order.

During the year nurseries were formed at all the inspection bungalows in the district, and the trees planted out on the several roads in the preceding year were maintained. There were about 1,200 trees planted out on roads in the head quarters sub-division, 557 trees in the Godda sub-division, and a small number in the Rajmehal sub-division. The trees are nearly all mangoes.

The different establishments under the Committee have done their work satisfactorily.

W. OLDHAM,

Deputy Commissioner, Sonthal Pergunnahs.

No. 462PW, dated Bhaugulpore, the 31st March 1882.

From—G. N. BARLOW, Esq., Commissioner of the Bhaugulpore Division and Sonthal Pergunnahs,

To—The Secretary to the Government of Bengal, Public Works Department.

I HAVE the honour to submit the annual account and reports of the District Road Funds for all the Districts in this Division for the cess year of 1880-81.

Those for the districts of Monghyr, Purneah and Maldah were not submitted within the prescribed time. Those of the Purneah district were delayed owing to the inefficiency and consequent dismissal of the Accountant. No satisfactory reason has been given for the delay from the other two districts.

2. The collections are satisfactory except for the Bhaugulpore district in which heavy arrears are reported. The Collector gives as a reason that while heavy additional work has been thrown on his office in connection with the administration of the Public Demand Act, he has had no increase of establishment.

3. In the Bhaugulpore and Purneah districts it is stated that the people appreciate the benefit of improved communication, and that the act has worked well; no remarks are made under this head in reports for the other districts.

#### Attendance.

4. The attendance of members at Committee meetings has been fair; the average number of members attending each meeting being 6.38. In Bhaugulpore members living on the north of the Ganges are almost precluded from attending in the rains. In North Monghyr, North Bhaugulpore, Purneah and Maldah many members of the Committee render valuable service by undertaking and supervising repairs to roads in their neighbour-

hood. In Monghyr and Purneah, too, few meetings have been held, and to ensure more prompt despatch of business I have directed meetings to be held more frequently. With the exception of indigo planters and European zemindars, it has been difficult to get members representing the cess payers to take much interest in the work of the Committee. The number of members who have not attended one meeting is unsatisfactory: it is useless having members who take no interest in the work; and I have directed the names of those who have not attended six consecutive meetings to be struck off the list, under the Act, unless in particular cases there is good cause shewn for absence or special reason for retention.

#### *General State of Roads.*

5. The district roads shew an improvement over previous years; more system has been introduced into the working and supervision. No changes having been made among the district engineers, they have acquired a better knowledge of the district. Permanent bridges are gradually taking the place of temporary structures in all districts except Maldah, and metalled roads which had been allowed to fall into bad repair have everywhere been renewed as far as funds would permit; but a good deal remains to be done to make up for previous years of neglect and bad work under careless and incompetent district engineers. The funds available have been utilized during the year except in Purneah and Monghyr. In Purneah this is due to work done not having been paid for, and in Monghyr to many heavy estimates having been sanctioned too late for work to be commenced in 1880-81.

#### *Original Works.*

6. *Monghyr.*—A road from Sungurampore towards Sultangunge railway station has been completed. The bridging of Sheikopore to Sheikpura road commenced, and the road through Beguserai bazar metalled. Towards the close of the year estimates were sanctioned for many important roads, which, when completed, will provide South Monghyr with a complete system of communication. Preliminary estimates have been sanctioned for surveys for roads in North Monghyr, which up to this had received little attention from the Committee. The main road to Tirhoot, which was much breached and damaged in 1879, has been partially repaired, and it has been decided to send up an estimate for making this a hunded road throughout.

*Bhaugulpore.*—The most important works carried out in this district have been the bridging of three important roads in the north, providing communications to the Civil Sub-Division of Soopole and Muddehpurah, the construction of a raised and bridged road six miles connecting the civil sub-division of Banka in the south with the Bowsi road (this is not quite completed), and the metalling of the road from Sultangunge railway station to the Monghyr Border.

*Purneah.*—The principal work has been the bridging of the road from Kissengunge East and West. Some small timber bridges have been put up in various roads and some old structures renewed. Many important works have been delayed for want of sanction to estimates which have been in hands for years. There are a number of roads partially bridged in this district; measures are being taken to concentrate work more and complete certain roads before others are taken in hand. A road cess office has been constructed.

*Maldah.*—A few petty works have been done which call for no remarks; the funds of this district are inadequate for the construction of new works, except to a very small extent. An old building has been raised and altered for a Road Cess Office.

*Sonthal Pergunnahs.*—Most of the works in this district have been under the Public Works Department, the most important work carried out by the Deputy Commissioner has been the bridging and metalling of the Doomka to Rampur Hât railway station road, which is now all metalled and nearly all bridged.

#### *Repairs.*

7. *Monghyr.*—A large sum was allotted for this, sufficient to put all roads in thorough good order, but surface repairs were not done so soon as they should have been; metalled roads have been kept in very good repair, except the one from Burriarpore railway station to Khurruckpore, a portion of which still requires a fresh coat of metal.

*Bhaugulpore.*—The district roads have all been repaired and maintained in good order; the main metalled road to the Sonthal Pergunnahs, 42 miles, has been very much improved during this year, and is now in very fair order.

*Purneah.*—There are so many roads in this district that sufficient allotments cannot be made to keep all in good order, and it is a question whether some on the list should be maintained, and although most of the roads have been efficiently kept up, some are in bad order. I agree with the Chairman that there has been much delay in repairing roads this year, but he should have stated how such delay has been allowed to occur.

*Maldah.*—While the surface roads have been fairly looked after and repaired, many old raised roads have been allowed to fall into utter disrepair. The funds at the disposal of the Committee are very limited, but I am inclined to think more than the proper proportion of funds has been expended on metalling and repairs to metalling on roads in and near the station.

#### *Establishment.*

8. The establishments are reported to have worked well throughout. The District Engineer of Maldah resigned his appointment in April 1881, and Baboo Jogendra Nath Ghose was appointed District Engineer in September 1881. There have been no other changes of any importance. All other Committees seem well satisfied with their District Engineers, who all now have a good knowledge of their work and districts, and I hope no changes will be made.

*Tree planting.*

9. In Bhaugulpore a good deal has been done, and young plants of former years have been well looked after and maintained. In Monghyr trees planted in former years have been neglected and little has been done in new planting. The few miles planted out in Purneah have not turned out well. In Maldah very little has been done under this head. In the Sonthal Pergunnahs a fair number of trees have been planted out, and the large number formerly put in maintained. Except in Bhaugulpore and the Sonthal Pergunnahs tree planting and maintenance is anything but satisfactory.

*Village roads.*

10. In Monghyr liberal allotments have been made, the Branch Committees have worked well; many main roads formerly under Branch Committees have been taken over by the District Committee. In Bhaugulpore also the Branch Committees have worked well, expended the funds allotted to them, and maintained the village roads well, and have opened out many new ones. In Purneah the Arrariah and Kissengunge Branch Committees have worked well and paid attention to the state of all village roads; the Sudder Branch Committee is reported very apathetic. In Maldah the few village roads are reported to have been repaired as far as funds would admit; the chief traffic is carried on by water; there are no Branch Committees. In the Sonthal Pergunnahs, there being no cess, there are only six miles village roads on the list.

11. The services of the Divisional Superintendent have been of the greatest benefit to the work and to myself. He has just returned from a five months' continuous tour throughout all the districts. My chief desire now is that rules may be now quickly framed which will enable us to retain the same officer. It would be the worst economy to lose him on promotion as soon as he has acquired knowledge of his work.

12. Abstracts are attached giving the totals of receipts and expenditure in this division, the same shewing the details under the various heads. The expenditure on village roads, the percentage of expenditure against receipts, and the balance in hand at the close of the cess year.

## No. 81.

**SEALED** tenders in the form used in the Commissariat Department (blank forms whereof can be had on application at the Commissariat Office, Madras) will be received by the Executive Commissariat Officer at Madras until 1 o'clock P.M. on the 17th August 1882, and opened by him at the same time and place in presence of those interested, for the supply, by contract, of 140,458lb of either Indian or China black tea (the price of each description to be separately stated) to be delivered at the Commissariat Stores at Madras to the Commissariat Storekeeper-General on or before the 30th day of April 1883 free of all charges whatsoever. No payment will be made on account of such supply prior to the 30th April 1883.

2. Each tender must be accompanied by a receipt from the Secretary, Bank of Madras, acknowledging the payment of a deposit of Rs. (4,000) four thousand, or be accompanied by Government Promissory Notes to the same amount duly endorsed over to the Executive Commissariat Officer, Madras, and in default of both of such deposits the tender will be rejected. Tenders to be sealed and superscribed "Tender for Tea."

3. The deposit of the successful competitor will be retained until he lodges with the Executive Commissariat officer at Madras the sum of Rs. (16,000) sixteen thousand, either in cash or in Government Promissory Notes. If the latter, the notes to be endorsed over to the Executive Commissariat Officer, Madras, for the time being as security for the due fulfilment of his contract. The deposit made with his tender will then be returned to him.

4. The deposits of all, with the exception of that of the successful competitor, will be returned on the decision of Government being received.

5. The successful competitor will be required to sign a contract on the basis of his tender containing the usual provisions in the form used in the Commissariat Department (form whereof can be seen on application to the Commissariat Officer at Madras) and to furnish the requisite security within eight days from the date on which the acceptance of his tender is notified to him. Should the successful competitor fail to sign the contract deed or to furnish the security within the time specified, so much of his deposit will be forfeited as will reasonably compensate Government for such breach of contract, and his tender will be considered as having been rejected. It is, however, to be clearly understood that the forfeiture of the total amount (if necessary) of such deposit for such default shall in no way preclude Government from recovering from the defaulting competitor all such damages as Government may sustain by reason of such default, and that the amount of such deposit is not to be taken as the total amount of compensation payable to Government for such default.

6. The chests containing the tea should be of strong material, and the lead lining thereof sound and strong. Each chest must be bound round with iron hoops and packed in good strong gunny. No broken or damaged chests will be received. Each chest should contain 84lb. of China tea, or 80lb of Indian tea, and should be marked 80 or 84lb net, as the case may be. A certain number of the chests will be opened and examined by a committee to ascertain that they contain not less than the weight represented, dependent on which examination they will be taken to contain the net weight marked thereon.

7. The quality of tea to be subjected to the approval of, or rejection by, a committee to be appointed at the request of the Commissary-General by the Officer Commanding the District, and payment will be made for such quantity only as may be approved of by the said committee.

8. Samples of tea can be had on application at the Commissariat Office at Madras.

9. The Government reserve to itself the right of rejecting any tender without assigning any reason for so doing.

10. If the contractor makes default in delivering the whole of the tea on or before the 30th April 1883, so much of the security deposited by him as will reasonably compensate Government for such breach of contract will be liable to become forfeited to Government, but, if such contractor deliver a portion of the tea to be supplied according to his contract and makes default in delivering the remainder thereof, he shall be liable to pay to Government such reasonable compensation as Government may be entitled to for such breach of contract, and

any such compensation may, at the option of Government, be deducted either from the moneys payable to such contractor for the tea delivered by him or from the security which may be deposited by him.

11. All further information may be had and the form of tenders and contract deed inspected on application at the Commissariat Office at Madras.

12. Every tender not made in the required form will be rejected.

13. No person making a tender shall be allowed to withdraw his tender for the space of ninety days from the date thereof, and, in the event to his doing so, his deposit shall be forfeited to Government.

(By order of the Commissary-General.)

E. A. BRUCE, Major,

Dy. Assistant Commissary-General.

Executive Commissariat Office, Madras,  
18th May 1882.

NOTE.—Tender forms can also be had on application to Calcutta Store and Shipping Executive.

## Proclamation of Sale.

[SECTION 287 OF THE CODE OF CIVIL PROCEDURE.]

DISTRICT BAKIRGANJ.

*In the court of the District Judge of Bakirganj at Barisal.*

Execution case No. 154 of 1882.

Tarok Chondro Shen, decree-holder, against Horoshundari Gupta, judgment-debtor.

**NOTICE** is hereby given that, under section 284, Act X of 1877, an order has been passed by this court for the sale of the attached property mentioned in the annexed schedule, in satisfaction of the claim of Tarok Chondro Shen, the decree-holder, in the suit\* mentioned in the margin, amounting with costs and interest up to date of sale to the sum of Rs. 14,178.

The sale will be by public auction, and the property will be put up for sale in the lots specified in the sale schedule. The sale will be of the property of the judgment-debtors abovenamed, as mentioned in the schedule below; and the liabilities and claims attaching to the said property, so far as they can be ascertained, are those specified in the schedule against each lot.

\* Suit No. 153 of 1880, decided by the Sub-Judge of Dacca, in which Tarok Chondro Shen was plaintiff and Horoshundari Gupta was defendant.

In the absence of any order of postponement, the sale will be held by the nazir of the court at the monthly sale commencing at 12 o'clock on the 21st August 1882 at Barisal. In the event, however, of the debt above specified, and of the costs of the sale being tendered or paid before the knocking down of any lot, the sale will be stopped.

At the sale the public generally are invited to bid, either personally or by duly authorized agent. No bid by, or on behalf of, the judgment-creditors abovementioned, however, will be accepted; nor will any sale to them be valid without the express permission of the court previously given. The following are the further

## CONDITIONS OF SALE.

1. The particulars specified in the schedule below have been stated to the best of the information of the court, but the court will not be answerable for any error, mis-statement, or omission in this proclamation.
2. The amount by which the biddings are to be increased shall be determined by the officer conducting the sale. In the event of any dispute arising as to the amount bid, or as to the bidder, the lot shall at once be again put up to auction.
3. The highest bidder shall be declared to be the purchaser of any lot, provided always that he is legally qualified to bid, and provided that it shall be in the discretion of the court or officer holding the sale to decline acceptance of the highest bid when the price offered appears so clearly inadequate as to make it advisable to do so.
4. For reasons recorded, it shall be in the discretion of the officer conducting the sale to adjourn it, subject always to the provisions of section 291, Act X of 1877.
5. In the case of moveable property, the price of each lot shall be paid for at the time of sale or as soon after as the officer holding the sale directs; and in default of payment the property shall forthwith be again put up and sold.
6. In the case of immoveable property, the person declared to be the purchaser shall pay immediately after such declaration a deposit of 25 per cent on the amount of his purchase-money to the officer conducting the sale; and in default of such deposit the property shall forthwith be put up again and sold.
7. The full amount of the purchase-money shall be paid by the purchaser before the court closes on the fifteenth day after the sale of the property, exclusive of such day; or if the fifteenth day be a Sunday or other holiday, then on the first office day after the fifteenth day.
8. In default of payment of the balance of purchase-money within the period allowed, the property shall be re-sold after the issue of a fresh notification of sale. The deposit, after defraying the expenses of the sale, shall be forfeited to Government, and the defaulting purchaser shall forfeit all claim to the property, or to any part of the sum for which it may be subsequently sold.

GIVEN under my hand and the seal of the court this 3rd day of July 1882.

J. F. BRADLEY, Offg. District Judge.

## No. 81.

**SEALED** tenders in the form used in the Commissariat Department (blank forms whereof can be had on application at the Commissariat Office, Madras) will be received by the Executive Commissariat Officer at Madras until 1 o'clock P.M. on the 17th August 1882, and opened by him at the same time and place in presence of those interested, for the supply, by contract, of 140,453lb. of either Indian or China black tea (the price of each description to be separately stated) to be delivered at the Commissariat Stores at Madras to the Commissariat Storekeeper-General on or before the 30th day of April 1883, free of all charges whatsoever. No payment will be made on account of such supply prior to the 30th April 1883.

2. Each tender must be accompanied by a receipt from the Secretary, Bank of Madras, acknowledging the payment of a deposit of Rs. (4,000) four thousand, or be accompanied by Government Promissory Notes to the same amount duly endorsed over to the Executive Commissariat Officer, Madras, and in default of both of such deposits the tender will be rejected. Tenders to be sealed and superscribed "Tender for Tea."

3. The deposit of the successful competitor will be retained until he lodges with the Executive Commissariat officer at Madras the sum of Rs. (16,000) sixteen thousand, either in cash or in Government Promissory Notes. If the latter, the notes to be endorsed over to the Executive Commissariat Officer, Madras, for the time being as security for the due fulfilment of his contract. The deposit made with his tender will then be returned to him.

4. The deposits of all, with the exception of that of the successful competitor, will be returned on the decision of Government being received.

5. The successful competitor will be required to sign a contract on the basis of his tender containing the usual provisions in the form used in the Commissariat Department (form whereof can be seen on application to the Commissariat Officer at Madras) and to furnish the requisite security within eight days from the date on which the acceptance of his tender is notified to him. Should the successful competitor fail to sign the contract deed or to furnish the security within the time specified, so much of his deposit will be forfeited as will reasonably compensate Government for such breach of contract, and his tender will be considered as having been rejected. It is, however, to be clearly understood that the forfeiture of the total amount (if necessary) of such deposit for such default shall in no way preclude Government from recovering from the defaulting competitor all such damages as Government may sustain by reason of such default, and that the amount of such deposit is not to be taken as the total amount of compensation payable to Government for such default.

6. The chests containing the tea should be of strong material, and the lead lining thereof sound and strong. Each chest must be bound round with iron hoops and packed in good strong gunny. No broken or damaged chests will be received. Each chest should contain 84lb. of China tea, or 80lb. of Indian tea, and should be marked 80 or 84lb net as the case may be. A certain number of the chests will be opened and examined by a committee to ascertain that they contain not less than the weight represented, dependent on which examination they will be taken to contain the net weight marked thereon.

7. The quality of tea to be subjected to the approval of, or rejection by, a committee to be appointed at the request of the Commissary-General by the Officer Commanding the District, and payment will be made for such quantity only as may be approved of by the said committee.

8. Samples of tea can be had on application at the Commissariat Office at Madras.

9. The Government reserve to itself the right of rejecting any tender without assigning any reason for so doing.

10. If the contractor makes default in delivering the whole of the tea on or before the 30th April 1883, so much of the security deposited by him as will reasonably compensate Government for such breach of contract will be liable to become forfeited to Government, but, if such contractor deliver a portion of the tea to be supplied according to his contract and makes default in delivering the remainder thereof, he shall be liable to pay to Government such reasonable compensation as Government may be entitled to for such breach of contract, and

any such compensation may, at the option of Government, be deducted either from the moneys payable to such contractor for the tea delivered by him or from the security which may be deposited by him.

11. All further information may be had and the form of tenders and contract deed inspected on application at the Commissariat Office at Madras.

12. Every tender not made in the required form will be rejected.

13. No person making a tender shall be allowed to withdraw his tender for the space of ninety days from the date thereof, and, in the event of his doing so, his deposit shall be forfeited to Government.

(By order of the Commissary-General.)

E. A. BRUCE, Major,

Dy. Assistant Commissary-General.

Executive Commissariat Office, Madras,

18th May 1882.

NOTE.—Tender forms can also be had on application to Canteen Store and Shipping Executive.

## No. 81.

**SEALED** tenders in the form used in the Commissariat Department (blank forms whereof can be had on application at the Commissariat Office, Madras) will be received by the Executive Commissariat Officer at Madras until 1 o'clock p.m. on the 17th August 1882, and opened by him at the same time and place in presence of those interested, for the supply, by contract, of 140,453 lb of either Indian or China black tea (the price of each description to be separately stated) to be delivered at the Commissariat Stores at Madras to the Commissariat Storekeeper-General on or before the 30th day of April 1883 free of all charges whatsoever. No payment will be made on account of such supply prior to the 30th April 1883.

2. Each tender must be accompanied by a receipt from the Secretary, Bank of Madras, acknowledging the payment of a deposit of Rs. (4,000) four thousand, or be accompanied by Government Promissory Notes to the same amount duly endorsed over to the Executive Commissariat Officer, Madras, and in default of both of such deposits the tender will be rejected. Tenders to be sealed and superscribed "Tender for Tea."

3. The deposit of the successful competitor will be retained until he lodges with the Executive Commissariat officer at Madras the sum of Rs. (16,000) sixteen thousand, either in cash or in Government Promissory Notes. If the latter, the notes to be endorsed over to the Executive Commissariat Officer, Madras, for the time being as security for the due fulfilment of his contract. The deposit made with his tender will then be returned to him.

4. The deposits of all, with the exception of that of the successful competitor, will be returned on the decision of Government being received.

5. The successful competitor will be required to sign a contract on the basis of his tender containing the usual provisions in the form used in the Commissariat Department (form whereof can be seen on application to the Commissariat Officer at Madras) and to furnish the requisite security within eight days from the date on which the acceptance of his tender is notified to him. Should the successful competitor fail to sign the contract deed or to furnish the security within the time specified, so much of his deposit will be forfeited as will reasonably compensate Government for such breach of contract, and his tender will be considered as having been rejected. It is, however, to be clearly understood that the forfeiture of the total amount (if necessary) of such deposit for such default shall in no way preclude Government from recovering from the defaulting competitor all such damages as Government may sustain by reason of such default, and that the amount of such deposit is not to be taken as the total amount of compensation payable to Government for such default.

6. The chests containing the tea should be of strong material, and the lead lining thereof sound and strong. Each chest must be bound round with iron hoops and packed in good strong gunny. No broken or damaged chests will be received. Each chest should contain 84 lb of China tea, or 80 lb of Indian tea, and should be marked 80 or 84 lb net, as the case may be. A certain number of the chests will be opened and examined by a committee to ascertain that they contain not less than the weight represented, dependent on which examination they will be taken to contain the net weight marked thereon.

7. The quality of tea to be subjected to the approval of, or rejection by, a committee to be appointed at the request of the Commissary-General by the Officer Commanding the District, and payment will be made for such quantity only as may be approved of by the said committee.

8. Samples of tea can be had on application at the Commissariat Office at Madras.

9. The Government reserve to itself the right of rejecting any tender without assigning any reason for so doing.

10. If the contractor makes default in delivering the whole of the tea on or before the 30th April 1883, so much of the security deposited by him as will reasonably compensate Government for such breach of contract will be liable to become forfeited to Government, but, if such contractor deliver a portion of the tea to be supplied according to his contract and makes default in delivering the remainder thereof, he shall be liable to pay to Government such reasonable compensation as Government may be entitled to for such breach of contract, and

any such compensation may, at the option of Government, be deducted either from the moneys payable to such contractor for the tea delivered by him or from the security which may be deposited by him.

11. All further information may be had and the form of tenders and contract deed inspected on application at the Commissariat Office at Madras.

12. Every tender not made in the required form will be rejected.

13. No person making a tender shall be allowed to withdraw his tender for the space of ninety days from the date thereof, and, in the event to his doing so, his deposit shall be forfeited to Government.

(By order of the Commissary-General.)

E. A. BAUCE, Major,

Dy. Assistant Commissary-General.

Executive Commissariat Office, Madras,  
18th May 1882.

NOTE.—Tender forms can also be had on application to Calcutta Store and Shipping Executive.
